Quarterly Morbidity & Activity Report

Vol. IV, Issue III (July - September, 2011)

December, 2011

Editorial

We are please to bring out the QMAR: Volume IV Issue III and we wish everyone a very happy new year and “Winter Solstice”.

Similar to the past QMAR issues, we have segregated the reports by programs of the ministry for the ease of use and easy reading by the program managers. We request all program managers to go through the report and design appropriate interventions based on the report.

For an example; RH Program could interpret table 2.1 ‘Ante-Natal Care & TT2+/others’ as follows:

The trend of the visits shows that the turnout is high for the first visit but it decreases as the number of visits increases. A lesson we could learn is that we must reinforce the counseling on importance of ANC visits in the first ANC visit so that we can have a good turnout for the subsequent visits. This could be used as an opportunity to enhance institutional delivery by counseling the mothers during the first ANC visit.

However, we leave the interpretation and conclusion to the users and wish everyone happy reading of QMAR: Volume IV Issue III.

INSIDE THIS ISSUE

1. Timeliness of the Report.....	2
2. Reproductive Health Program.....	2
2.1. Ante-Natal Care & TT2=/others	
2.2. Attended Deliveries	
2.3. Post-Natal Care	
2.4. Family Planning	
2.5. Cervical Cancer	
2.6. Pregnancy, Child Birth and Puerperium	
2.7. Perinatal Conditions	
3. Nutrition Program.....	10
3.1. Child Attendance	
3.2. Nutritional Status	
4. Diabetes Program.....	11
5. National TB Control Program.....	12
5.1. Laboratory Report	
5.2. Case finding report of new and re-treatment cases	
6. National AIDS/STI Control Program.....	14
6.1. Early Syphilis and STIs Excluding HIV/AIDS	
7. Vector-Borne Disease Control Program.....	15
8. Life Style Related Disease Program.....	17
8.1. Other Cancer	
8.2. Diseases of Circulatory System	
8.3. Diseases of Digestive System	
9. Mental Health Program.....	21
10. Vaccine Preventable Disease Program.....	23
10.1. Infant (0-11 months) and children 91-4 years) Immunization	
10.2. Vaccine wastage and usage	
10.2.1. Vaccine used	
10.2.2. Vaccine wasted due to expiry date	
10.2.3. Vaccine wastage due to freezing	
11. Acute Respiratory Infection Control Program.....	23
12. Injury Report.....	27
13. Other Report.....	28
13.1. Hospital Admission	
13.2. Non-Bhutanese seeking medical services	
14. Top ten morbidity of the third quarter.....	29

1. Timeliness of the Report

Congratulation! Once again all dzongkhags have submitted the report on time for the third quarter of 2011 (July-September) like they did for the second quarter. The QMAR publishing team appreciates and thank everyone involved for the timeliness of the report. Along with the words of appreciation, the QMAR team requests everyone to ‘not let it at rest’ but continue submitting reports on time.

2. Reproductive Health Program

Information related to the Reproductive Health Program for the third quarter of 2011.

3. Ante-natal Visits and TT2+ Injections administered to pregnant mothers by Dzongkhags (July. -Sept, 2011)

Dzongkhag	1st Visit	2nd Visit	3rd Visit	4th Visit	4+ Visit	TT 2+	TT other
