Notification

In accordance with Section 60 of the Healthcare Services Rules and Regulations (HSRR) 2025, all private clinical diagnostic centres and foreign worker screening centres (FWSCs) are hereby directed to comply with the following requirements:

1. All centres shall prominently display their official opening and closing hours within the premises in a clearly visible location. The information shall be presented in both Dzongkha and English. The operating hours shall be submitted to the Ministry of Health (MoH) for information and official record;
2. Any planned closure of the centre, particularly for extended duration, shall be communicated to the MoH in advance; and
3. Failure to comply with the above requirements may result in appropriate action in accordance with the provision of HSRR 2025.

The MoH expects all concerned centres and premises to ensure strict compliance in the interest of transparency, accountability, and uninterrupted service delivery.
